# Access Unify™ | Energy

Power Up Your Data

For those in the Energy sector, having the ability to analyze, visualize, and manage Seismic and Well data has never been more critical for informed decision-making and strategic planning than it is today. Our platform, **Access Unify™**, leverages modern technologies to enhance data analytics and capabilities, improve user experience, and ensures scalability for the specialized needs of this industry. **Access Unify™ | Energy** promises high performance and security features, and integration capabilities that align with your organization's broader digital ecosystem.

## Key Features

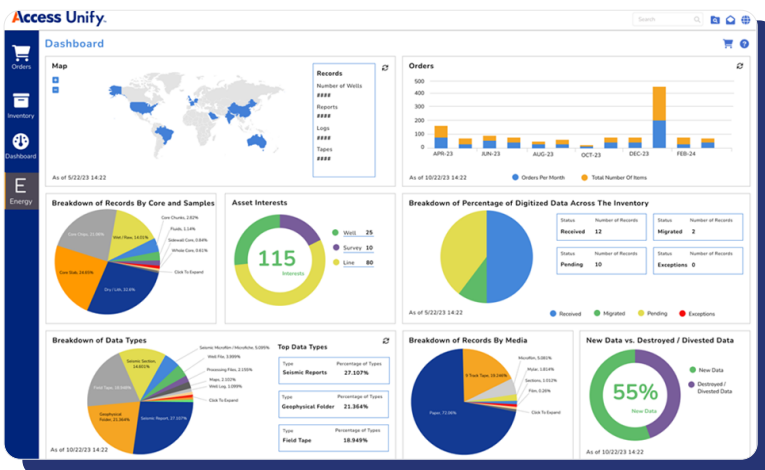

### Modern Dashboard

**Access Unify™ | Energy** features a dashboard that gives a real-time overview of current activities such as ordering, asset interests and the type of assets within a collection. It includes advanced data visualization tools, real-time analytics, simple navigation, and intuitive interfaces, enabling you to gain deeper insights from your data.

### Data Entry Suite

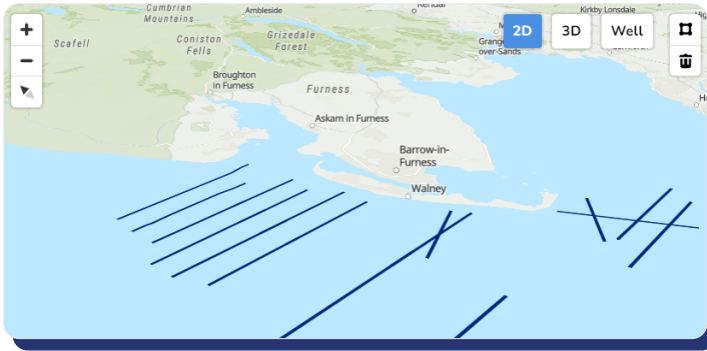

**Access Unify™ | Energy** provides a user-friendly data entry suite to manage physical and digital assets. This ensures detailed metadata is captured, enabling you to locate assets quickly and easily.

## High-Resolution Map Quality

**Access Unify™ | Energy** offers pristine visual fidelity. Clarity and perspective are retained as you zoom in further on the map. You can select 2D Seismic Lines, 3D Surveys and Wells on the map and retrieve their related assets with ease.

Screen capture 2D Seismic Lines

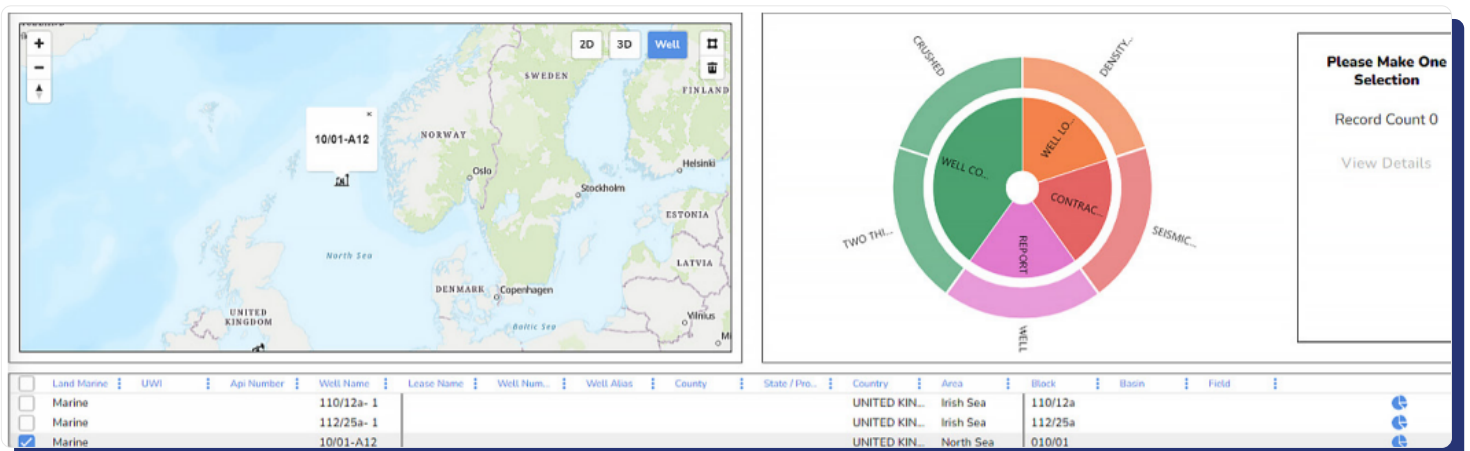

Screen capture 3D Surveys and Wells

## Enhanced Navigation Functionality

In **Access Unify™ | Energy**, navigating to the Well grid when clicking the pie icon on the Well row, populates a sunburst chart with all the metadata associated to that Well.

In this example, clicking on 10/01-A12 shows the Well Core, Report, Contract, and Well Log. It also shows the asset type associated with those collections.

## Search and Retrieval

**Access Unify™ | Energy's** advanced search capabilities help you to locate assets efficiently. Once the relevant assets have been identified you are able to add them to your order cart and request the required delivery or service.

## SOC2 Type II Compliance

**Access Unify™ | Energy** features a SOC2 Type II certification meeting the highest standards of data protection, ensuring your information is handled with utmost care and integrity.

## Contact and Support

Our dedicated support team is here to ensure a smooth and seamless experience with **Access Unify | Energy**.
